Dear Dr. Germain:

I am writing to you on behalf of the Chicago office of the Anti-Defamation League to acknowledge the admirable time, energy, and resources you and your colleagues at the Te-Ta-Ma Foundation invested in seeking justice against the neo-Nazi group formerly known as the 'World Church of the Creator'.

The recent trial and conviction of Bill White here in Chicago for his threats against the jury foreperson in the Matthew Hale trial gave us reason to consider the long and tangled web of events that ultimately led to this point. This inevitably included the work of you and your colleagues in defending your legal rights resulting eventually in the dismantling of what was, as you know, then the second largest neo-Nazi organization in the United States. Your efforts have had a positive ripple effect ever since then and the absence of this group has clearly enhanced the Te-Ta-Ma Foundation's stated goal of pursuing universal tolerance and social harmony.

I'm sure it would have been difficult for any of you to predict at the outset the kind of adversity you would have to face in the litigation. Your dedication in seeking justice was remarkable and we wanted to ensure your efforts in this regard had been recognized.

Sincerely,

Lonnie Nasatir
